

San Diego American Indian Health Center

Body - Mind - Spirit

2630 First Ave.
San Diego, CA 92103

SDAIHC cares about your health!

We are proud to offer

HIV Rapid Testing

Regular HIV testing makes sense if you:

- Have unprotected sex with your partner
- Are in an open relationship
- Have more than one partner

PrEP

Schedule an HIV rapid test with one of our providers today!

(P.S. Ask about PrEP, it can prevent HIV)

Walk in, call, or email for available appointments:

Clinic Hours: Monday - Friday 8 AM - 4 PM

PrEP

PREVENT HIV!

PrEP (Pre-Exposure Prophylaxis) is a daily pill that almost eliminates the risk of HIV transmission (99% partner to partner, 74% needle sharing).

Getting tested and knowing your HIV status helps keep you and our community healthy!

To further reduce vulnerability:

- Avoid sharing needles
- Combine PrEP with condoms and other prevention options

Consider PrEP if you:

- Are at risk for HIV exposure
- Have not consistently used a condom
- Have been diagnosed with an STD in the past 6 months
- Are not in a monogamous, closed relationship

Walk in, call, or email for available appointments: Monday - Friday 8 AM - 4 PM

2630 First Ave, San Diego CA 92103

For more information contact Ethan Landry: Ethan.Landry@sdaihc.org | Phone: 619-234-2158 X128
